Agenda Framework

OVER THE NEXT FEW MONTHS, Saanich School District is sponsoring a number of activities to determine what matters most to us as a community dedicated to learning and success?

Project 2020 invites us to celebrate Saanich School District programs and people, take stock, and imagine the future we want to create. As noted below, the end result will form the basis of our new *Strategic Plan 2016-2020*. Equally important, the intent is to provide a space for the genuine exchange of ideas and dialogue about supporting one another in the work ahead.

Please join us on January 14, 2016

Project 2020 Forum One: Taking Stock. Looking Forward

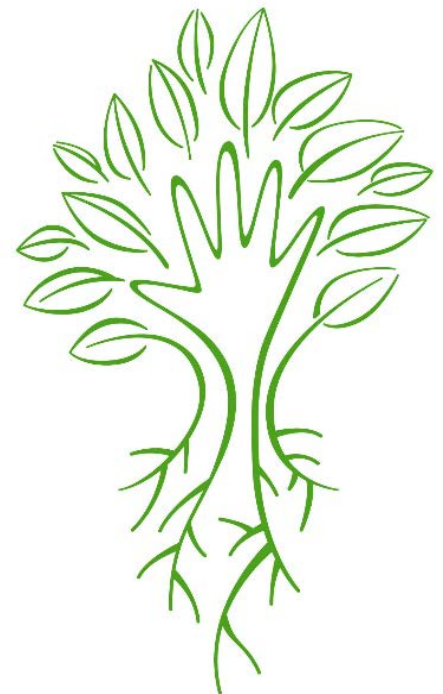

Background

Saanich School District is currently reviewing the final stages of our *Strategic Plan 2012-2016* and turning attention to the next five-year cycle.

Project 2020 has three parallel paths:

- Community Consultation** – highlighting two interactive Community Forums hosted on January 14, 2016 and April 13, 2016.
- Strategic Research and Development** – resulting in a new five-year plan for Board consideration.
- District Profile Review** - exploring Saanich School District's profile and image in a changing environment.

Three Working Groups of staff, parents and trustees will guide the work through to 2016. As a key part of that process, we invite input from staff, students and the community. We look forward to working with you.

Project 2020

There is no power for change greater than a community discovering what it cares about.
